Lessons Learnt in Our Journey - 2014 to Present

- ▶ **VISION** - Proverb Theme 'Without Vision a Nation Perishes'
- ▶ **TRUST** - It takes time to build trust. People will come when there is trust. We need to first trust our own people to lead to engagement and open mind and creativity.
- ▶ **BE SEATED AT THE TABLE** - If we want change, we Pacific Islanders must be seated at the table to be part of the decision making and the solution. Don't leave it to others to decide our future. Be Proactive!
- ▶ **VALUE PROPOSITION** - Important to understand and articulate the value of why we need to come together and collaborate. Why it is important in this time and age
- ▶ **LEADERSHIP** - Find that bridge to connect to Leadership. It accelerates your work and purpose to fulfil your vision.
- ▶ **SKILLS** - How do we say I AM HERE. I AM CAPABLE. DO NOT LOOK ELSEWHERE. Listing and advocating our talents thru the right platforms and guided by the right policies for Education and Employment, we will be able to participate meaningfully and succeed in growing our economies and our region together. We must be in Charge of our Destiny.

Team Work

Great things in business are never done by one person. They're done by a team of people.
